## 2007-08 Executive Board ROCHESTER SECTION

### President

June Kanik  
jakanik@rochester.rr.com

### Vice-President

Susan Weibel  
Dewberry  
sweibel@dewberry.com

### Secretary

Athena Visel  
Bausch and Lomb  
avisel@gmail.com

### Treasurer

Susan Aurand  
Xerox  
s.aurand@att.net

### Council of Representatives

Mary Barker Steblein  
URS Corporation  
mary.steblein@swe.org

### Awards

Carol Richardson  
Rochester Institute of Technology  
carite@rit.edu

### Events

#### **Position Available**

### Membership

Lisa Norwood  
University of Rochester  
lnrw@seas.rochester.edu

### Outreach/Scholarship

#### **Position Available**

### Newsletter

Lisa Norwood  
University of Rochester  
lnrw@seas.rochester.edu

### Publicity

#### **Position Available**

### Meeting Coordinator

#### **Position Available**

Feel free to contact any of us with questions, comments, or concerns. Suggestions as to what you would like SWE to do are always welcome!

The Society of Women Engineers stimulates women to achieve full potential in careers as engineers and leaders; expands the image of the engineering profession as a positive force in the quality of life; and demonstrates the value of diversity.

SWE-ROC is pleased to be partnering with Girl Scouts of Genesee Valley on a new Girl Scout initiative, *Green Energy*. This program is designed for Girl Scouts in grades 9-12 who are interested in learning more about engineering concepts and careers. Girls will participate in authentic, hands-on engineering activities that will culminate in the introduction of environmentally friendly energy production at the council's Camp Pinewood, which exhibits many characteristics of a small community in the hills near Dansville. It is crisscrossed by streams, one of which has been dammed to form Lake Silverdew. It provides an ideal location for girls to investigate real-world applications of renewable energy generation.

## Girl Scouts Engineer Green Energy Information Session

*Wednesday, June 11, 6:00 pm*

*Girl Scouts of Genesee Valley Program Center, 1020 John Street (just south of RIT)*

*RSVP to Kathie Woika, 585-344-7075 or KathieW@gsgv.org*

Are you interested in stimulating the interest of young women in engineering careers? If so, attend this informational meeting to learn of the many exciting volunteer opportunities that have been designed to accommodate a wide variety of time commitments. The biggest need is for professional mentors who will provide support and guidance to girls as they participate in project management, engineering feasibility studies, vendor contact, project construction whenever possible, and project evaluation.

## Creative Memories Get-Together

*Saturday, June 7, 1:00 – 3:00 pm, RIT's Ross Building 10, Room A252*

*RSVP [www.mycmsite.com/lisanorwood/events](http://www.mycmsite.com/lisanorwood/events)*

Your first car was a monstrous '79 Thunderbird. First pet? A goldfish named Frank. First date? It's OK to talk about it. It's all part of who you are. You see, the small stuff doesn't just matter. The small stuff is everything. It's part of your story. And you're the only one who can tell it.

At this social gathering of SWE members, you'll learn about photo organization and preservation from Creative Memories consultant and SWE member, Lisa Norwood. This promises to be an event with lots of fun, sharing and learning. As a bonus, ten percent of all sales will be donated to SWE-ROC for our scholarship fund.

## 2008-2009 Board Elections

*Ballots due June 15*

You will soon be receiving ballots to elect next year's Executive Board. If you are interested in leading a committee (Membership, Annual Events, Monthly Meetings, Publicity, Outreach, and Newsletter) or serving in any other role, please let June Kanik know. Think about how you would like to serve the Society of Women Engineers in the coming year. This section cannot survive without members being involved!
